TWELVE PAGES

CUMBS TO ILLNESS-FUN-**ERAL TUESDAY**

Mrs. W. A. Chestnutt, aged 68 ars, passed away in Dallas Sunday night about 11 o'clock, where was, with her daughter, Mrs. Cullinan, after an illness of Frank Cullinan, after an illness of several weeks. The remains arrived in Corsicana Monday afternoon at 3.45 o'clock and were taken to her late liome, 1430 West Second arenue, from whence the funeral will take place Tuesday afternoon at 3 o'clock; with the Itev. Ilion T. Jones, paster of the Third Avenue Presbyterian church, of which de-corsed had been a life-long member officiating. Burial will be immediately afterward in Oakwood cem-

etery: Mrs. Chestintt is survived by her husband and two children. Mrs. Frank Cuillian of Dallas, and J. Ward Chestnutt of Wichita Falls. She is also survived by a brother. M. L. Barry of Del Rio and a sister, Mrs. Dood Roseborough of Mar-

Mrs. Chestnutt was formerly Miss Rachael Barry, the daughter of an old and aristocratic Southern family and has lived in Navarro county and corsicana for many years. She was born near Tehna-cana Hills, and removed with her parents to the Old Dresden community when but a small child. After her marriage she removed to Cor-sicana and has resided here for nany years, where she was known and loved by a large circle of

friends. Since early life she has been a member of the Presbyterian church for many years of that time being a member of the Third Avenue Presbyterian Church of Corsicana. She vas a good woman and many have been the expressions of sincere sor-row and deep regret at her passing away. She was not ostentatious in her good works, but went quietly about doing good wherever she found that her services would be of benefit to her fellow beings. Her closest friends did not know

the extent of her ministrations to deeds known. Truly she was a which time John Adams was preMother in Israel and there will not ident.

"be found soon one who can effectually fill the place vacated by her the place vacated by her the place vacated by her the chirch, and community life, we himten died December 14 179. wane the bereaved husband, daughter and son are heartbroken at the passing of their loved one, and the sympathy of the entire community goes out to them at this continuation.

ANOTHER TEST IN **POWELL AREA WILL** BE STARTED SOON

PENN & WINDSOR AND OTH-ER INTERESTS COMBINE IN **NEW OPERATION**

A deal has been consummated whereby Penn & Windsor, Dallas whereby Penn & Windsor, Dallas and Coreicana oil operators, will drill a deep oil test on the Burke tract just east of the town of Powell, according to information current in oil circles here. The test has been located in the southwest conner of a twenty acre block off the east and of a 90-acre tract lying just north of the Powell-Bazette room. This lease was procured by just north of the Powell-Bazette front. This lease was procured by the derrick of Penn & Windsor on the Vinson tract is being moved

to the new location, where it will to the new location, where it will be overhauled and the rig from that place belonging to Roy Black is being set up for dilling the hole.

The location was made Saturday by F. M. Orockett, Corsicana engineer. Brandon & Murray are understood to have the rig-building contract. Penn & Windsor with Bloy Black drilling contractor, will

Roy Black, Grilling contractor, will have active charge of the opera-

The Humble Company, holder of the lease, have an interest in the operation, and it is understood the Texas & Pacific Coal, & Oil Company have an interest. Just how the various interests are divided has not been made generally

has not been made generally known.

This test, being about 1,000 feet west of the test made on the Kiser farm by a company formed at Powell, and drilled by John W. Champion, will likely be watched with considerable interest. The test on the Kiser at one time looked very favorable for oil production, and the geology worked out by major companies in this immediate viccinity, strongly indicated a pool of oil lies in that neighborhood. The Kiser test was thought to have been Kiser test was thought to have been located too far to the east. This and the test of Rowan Drilling Company and Edson Petroleum Company on the Warren, and the Penn & Windsor test on the Vinson list year with oil and gas showings, operated to confirm the geological theory that the pay lies slightly to the west.

ROMANCE

DON'T MAKE GOOD COFFEE SAYS IKE TO MIKE:

"IT'S NOT WHAT YOU USED TO BE BUT WHAT YOU ARE TODAY"

IKE

"Good morning, Ike-have you had your Royall's King of the Cup Coffee yet?" MIKE:

"Sure, Ike! That's why I'm stepping so lively, and feel so good for the day's work."

"You know, Mike, I was reading a coffee advertisement in a magazine last night, all illuminated with colors, in which the foundation of the coffee was based solely upon romance and I said to myself that coffee is more or less like a human being these days for 'it ain't what you used to be, but what you are today." For my part, I don't care how good coffee was in the early days—it's how good it is today. And that's why I am using Royall's Coffee, which is roasted fresh every day, right here at home, where we can see it, smell it, and taste it."

"I am like you, Ike. I think that freshly roasted, well blended coffee, put up right here at home by coffee experts of many years experience, cannot be compared with by other brands that have been laying up in storage for so long a time."

IKE:

"That's what my wife, Rebecca, says ,Mike. And believe me, she knows, for she has used 'most every brand of coffee on the market and is now thoroughly satisfied with Royall's King of the Cup Coffee. There is one thing about Rebecca, and that is, she is a smart woman."

MIKE:

"And another thing, too, Ike, a bout Royall's Coffee, and that is, it is not only roasted fresh every day but is being packed in one of the best air-tight tin containers on the market, which holds the strength of the coffee in the can until you are ready to use it. You will not find this to be the case in many so-called 'best grade' coffees—for many are not placed in tins, but in paper."

IKE:

"By the way, Mike, did you kno w that Mr. Royall, of the Royall Coffee Co., is entering his thirty-fifth year in roasting and blending high grade coffees? It seems to me that we ought to get together and celebrate his thirty fifth anniversary in some appropriate way—Let's think the matter over."

MIKE:

"All right, Ike, I am with you— maybe we can work out some plan of celebration in his honor. Let's t alk about it some more later?"

Always a Wise [Investment Jyow Better than ever before

Dodge Brothers, Inc. have announced astonishingly low new prices.

They have announced important refinements in their product. Always building an exceptional car, they are now building better than ever.

Better in many ways—in beauty, comfort, driving vision, engine smoothness, snap, elasticity and getaway.

The simultaneous offering of lower prices and vital improvements is made possible by a gigantic expansion of buildings and equipment.

Ten million dollars so invested permit great savings through vastly increased volume and efficiency.

Part of these savings goes into further betterment of the car. The other part goes directly back to the buyer-in the form of a price reduction that staggered the industry.

Those who chose Dodge Brothers Motor Car in the past invested their money wisely.

Today they invest more wisely than ever before.
